

The Newfoundland & Labrador College of Dietitians (NLCD)

Strategic Plan: 2023-2026

<p>Mission</p> <p>The mission of NLCD is to regulate the practice of Registered Dietitians in the interest of public protection.</p>	<p>Vision</p> <p>Excellence in dietetic practice</p>
<p>Values</p> <p>Integrity, Accountability, Transparency, Collaboration, Effectiveness, Equity, Diversity, Inclusion</p>	

Goal 1: Continuing Competence	Goal 2: Governance	Goal 3: Communication
Monitor and ensure the continuing competence of registrants.	Explore and implement best practices in regulation.	Communicate effectively with registrants, the public, and stakeholders.
<p>These goals will be accomplished through the following strategies:</p>		
Evaluate the effectiveness of the NLCD’s continuing education program in supporting and maintaining the competence of registrants.	Review and revise NLCD bylaws to support the Dietitians Act (2005) and Regulations (2018).	Issue quarterly newsletters to registrants with updates on practice, standards, and resources. Add these updates to the News section of the website.
Develop resources that support dietetic practice and empower registrants to practice within their scope and meet professional standards.	Explore the process of protecting the titles of “Registered Nutritionist” and “Nutritionist.”	Engage with registrants, the public, and system partners on issues relating to the regulation of dietetic practice.
	Explore the need to further define and expand the scope of practice of dietitians	Ensure the work of NLCD supports equity, diversity, and inclusion in regulation.
	Review the Dietitians Act (2005) and Regulations (2018) to identify any changes needed to allow the NLCD to implement best practices in regulation.	
	Review and revise the Code of Ethics to identify any changes needed to reflect current and evidence-based practices.
